Description:

Casa Montanari is situated near Loro Piceno and has a stunning location with wonderful views on Massa Fermana, San Lorenzo and the Aquaviva Valley. The property is in need of restoration but quite some old materials are on site. The obvious advantage is that you can rebuild the house in accordance to your requirements. The total floor space is circa 160 square meters and this is sufficient for a proper three-bedroom house. Included in the price is circa 5000 square meters but is possible to buy more land. Loro Piceno is home to shops, cafes and one of the two Michelin rated restaurants in Le Marche.
